Application Serial No.: U.S. national based on PCT/IB2003/006011

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. 1.97 & 1.98, continued

It is respectfully requested that the Examiner consider these references during the examination. The relevance of all is expressed in the Commissioner's interest as promulgated in the directives of MPEP sections 609 and 1893.03(g). Furthermore, as this application is entering national phase subsequent to June 30, 2003, it is not necessary for applicants to submit paper copy of the cited U.S. patent under 37 C.F.R. section 1.98, as this requirement has been waived.

As provided for by 37 CFR 1.97 and 1.98, no inference should be made that the information and references cited are prior art merely because they are in this statement, and no representation is made that a search has been conducted or that this statement encompasses all possible relevant information.

No fee, other than the national phase filing fees referred to in other papers accompanying this submission, is believed to be required for submission of this statement.

Respectfully submitted,
